# SER

We collaborated with SER to create an app that empowers students and teachers navigating the CAIE, ED-Excel, and IB curricula. SER offers easy access to past examination papers, a wide range of MCQs for self-testing, and curriculum-specific study materials. In addition, the app provides personalized 1-1 online tutoring to maximize learning potential. Whether you're preparing for exams or enhancing your knowledge, SER is the ultimate tool to elevate academic performance and streamline your educational journey.

# Legends Golf & Country Club

We partnered with Legends Golf and Country Club to create a custom mobile app that provides exclusive access to key club features. The app allows members to view the member directory, receive important club communications via push notifications, check course conditions, stay updated on events, and access dining menus and activity details—all in one place. Designed to streamline the member experience, the app helps keep Legends Golf and Country Club members connected and informed wherever they go.

# The Family Wins TFW

We worked with The Family Wins to create an app that helps Christians deepen their daily connection with God in just 15 minutes a day. Designed to combat life's distractions, the app provides easy access to daily devotionals, scripture, and worship features, making it simpler than ever to stay engaged in the Word. With tools like a 21/90 Day Challenge and an Accountability Tracker, the app helps users form lasting habits of spiritual growth, bringing peace and purpose to individuals and families alike. The Family Wins app makes it easy to invest in your relationship with God, creating positive, lasting change in your life and the lives of those around you.
